

### 7.3.1 Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust. Provide the weblink of the institution in not more than 500 words

Our parent institute Hindustani Education Society AUSA established Azad Mahavidyalaya, AUSA in 1991. Our college has vision, "Education with a vision in action for minority and rural transformation." in tune with the stated vision college strive for the education of minority and rural students. Our college is located in the outskirts of Municipal Council AUSA and situated at a distance of 3 km from central bus stand on Nagpur-Ratnagiri State Highway.

Though being in the outskirts majority of Muslim minority girls students who completed their higher secondary education in Urdu medium gives first preference to our college for admission. One of the main reasons of this fact is that they feel comfort in this institute. The other reason is that this college conducts bridge courses in various subjects to overcome the language barrier from Urdu to English or Marathi. Faculty while teaching always translates the concepts in Urdu for Urdu medium students. This is our institutional distinctiveness.
