

7.2.1 Best Practice-1 Title of the Practice: Azad Merit Prizes by Staff

1. Objectives of the practice

- To encourage students in class to excel in the university exam
- To motivate the students lagging behind in studies and score good marks in final exams.

2. The context

The institution is located in the rural area, therefore many students admitted to various programs are from rural area. Most of them are not residing at local level. They are daily coming to college by MSRTC Buses or by private vehicles or on bicycles. They have to spend daily two to three hours in travelling. So they are not getting sufficient time to study. Due to this, they lag behind in studies. So, to motivate them, college decided to introduce Azad merit prizes scheme by staff on their own .

3. The practice

At the beginning of academic year, almost all the results of even semester are declared. On the basis of result analysis, first three toppers in a class are identified and their names are displayed on notice boards. After resuming the regular classes, the Principal, Vice-Principal and Co-ordinator goes into the SY and TY class rooms and readout the list of three toppers in that class. The respective students are asked to come over the dais for receiving Azad merit prize. The merit first student is given a cash prize of Rs 1001 /-, Merit second student Rs. 501/ and merit third student Rs. 301. In a similar manner, third year pass out students who stood I, II and III are specially invited in college and cash prizes are distributed to them.

4. Evidence of Success

Due to this practice overall result at UG third year university examination is found to be enhanced,

5. Problems encountered and resources required:

No major problems other than scarcity of funds is faced

Best Practise-2 Title of the Practice:: Mentor at your Door.

1. Objectives of the practice

To motivate and encourage students to remain present in college

2. The context :

Majority of the students admitting to our college are belonging to villages around AUSA in a radius of 15 km. Most of them are first learner and belong to poor family. So they are unable to make accommodation at AUSA and attend the college. Due to this, their attendance goes down to 55%. In order to make their attendance more than 75%, we introduced Mentor at your door scheme.

3. The practice:

After finalization of admission process, and regular commencement of classes, Principal conducts the Induction Programme, in which he briefs about this Mentor at Your Door scheme. He allocates mentee to each Mentor. In second term, Principal brings a notice stating that, all mentor should go to Mentees home and explain them importance of class attendance, Marking scheme of Examination, other programs conducted in college, etc. After visit to mentee, Every mentor is asked to submit the brief report of Mentor at your. Door scheme. Also it is mandatory to each mentor that, he/she has to send a geotaged photo while interacting with mentees at their homes.

4. Evidence of Success:

Presenty of the students in II term in increased by around 15%.

5. Problems encountered and resources required :

Most of the parents explains that, they are unable to send their ward to college regularly, because their ward is going to earn through work. So due to this presenty does not increase more than 70%.

MENTOR AT YOUR DOORS - A BEST

The college started mentor at your doors scheme as a best practice to solve the individual problems of the students. In this best practice all faculty members are allotted 10 to 15 students as their mentees. The teachers are asked to visit the homes of the students and guide them on syllabus, exam pattern and motivate them to attend regular classes.
